

## HAZOP NZQA Unit Standards

### Unit Standard 19341 (Demonstrate knowledge of HAZOP in the workplace)

The original unit standard for HAZOP was 19341 which is specifically aimed at improving the understanding of those participating in a HAZOP study.

This unit standard can be achieved by

- Taking part in Safety Solutions' 2-day HAZOP leader training and successfully completing the test

OR

- Taking part in Safety Solutions' 1-day HAZOP participants training and successfully completing the test and
- Taking part in a HAZOP (within half a year of completing the course) and sending back a witnessed statement to [training@safetysolutions.co.nz](mailto:training@safetysolutions.co.nz)

OR

- Completing Safety Solutions online training course for HAZOP Participants and successfully completing the online test and
- Taking part in a HAZOP (within half a year of completing the course) and sending back a witnessed statement to [training@safetysolutions.co.nz](mailto:training@safetysolutions.co.nz)

### Unit Standard 27243 (Lead a HAZOP in the workplace)

In 2011 a new Unit standard was introduced, 27243 aimed specifically at those wanting a qualification as a HAZOP leader. This unit is quite challenging and requires the candidate to have a reasonable understanding of engineering and process safety and to prepare for, lead and report on a HAZOP in their workplace.

This unit standard can be achieved by

- Taking part in Safety Solutions' 2-day HAZOP leader training and successfully completing the (extended) test
- Completing the post course assignment consisting of:
  - Completing the post course assignment questionnaire, demonstrating a deeper understanding of process safety
  - Prepare for, lead and report on a HAZOP in their workplace. The terms of reference document and HAZOP report form part of this assessment.

Please advise Safety Solutions if you wish to qualify as a HAZOP leader through US 27243. The documents should be sent to [training@safetysolutions.co.nz](mailto:training@safetysolutions.co.nz). Candidates have six months following the course to complete this assignment which will be assessed by an NZQA registered assessor.

Please note that there will be an additional charge of \$150 excl. GST for this assessment.
